2. History of the company

2.1. Brief history about the company's organization

Vinci Capital Gestora de Recursos Ltda. ("Vinci Capital") was organized in 2009, and it is a subsidiary of Vinci Partners Investimentos Ltda. focused mainly on the management of private equity funds as of its very beginning.

Vinci is one of Brazil's major Private Equity companies, focused on growth transactions, greenfield and turnarounds. It is focused on Brazilian companies the management of which can be significantly improved by Vinci Capital's experience and capacity of execution.

2.2 Description of the material changes undergone by the company in the last five (5) years:

On January 15, 2021, Amendment No. 32 to the Articles of Organization of Vinci Partners Investimentos Ltda. ("VPI"), which is the direct controlling company of the Vinci Group, was executed to assign all membership units representing VPI's capital stock to Vinci Partners Investments Ltd. ("Vinci Investments") for the payment in full of the shares issued by Vinci Investment ("Amendment No. 32 to the Articles of Organization").

As a result of such assignments, Vinci Investment became the sole member of VPI, the direct controlling company of the asset management companies.

In this context, it should be noted that: (i) the corporate restructuring referred to above was concluded in preparation for the Initial Public Offering ("IPO"), allowing the company to go public and the listing of Vinci Investments' shares on Nasdaq on 01/28/2021; (ii) no change was made to the direct or indirect controlling interest of the Vinci Group; (iii) the IPO was a primary offering only, and despite the shareholding dilution resulting from the IPO, VPI former members have remained the holders of the majority capital and voting rights; and (iv) the structure of the executive board of Vinci Group's asset management companies, as well as the key-positions of its professionals remain the same.

On August 16, 2022, VPI, through its subsidiary Vinci Soluções de Investimentos Ltda., acquired the majority control of SPS Capital Gestora de Recursos Ltda., which then became a member of the Vinci Group.

On October 10, 2023, Vinci Investments and Ares Management Corporation ("Ares"), one of the world's leading alternative investment managers, announced a US\$100 million investment by Ares in Vinci Investments and the formation of a strategic partnership to support the growth and expansion of Vinci Investments' business in Latin America.

On June 28,2024, VPI, through its subsidiary Vinci Gestora de Recursos Ltda, acquired control of MAV Capital Gestora de Recursos SS Ltda, which then became part of the Vinci Group.

8.9. Provide information on the structure used to permanently check compliance with laws and regulations applicable to the company's activities and to monitor services provided by contracted third parties:

a) Number of professionals involved

The area is comprised of the Legal and Compliance Department, which is currently formed by four lawyers, one administrative assistant, one compliance officer, two compliance analysts and two trainees, in a total of ten professionals, in addition to the head of Compliance and Internal Controls.

b) Type of activities conducted

Taking into account mainly the asset management activities, the Vinci Group's Compliance Program is principally focused on the following aspects: (i) confidentiality; (ii) segregated activities; (iii) personal investment policy; (iv) restrictions on trading activities; (v) fiduciary duties and conflicts of interest management; (vi) anti-money laundering and combating the financing of terrorism; (vii) anti-corruption; (viii) data privacy and protection; and (ix) whistleblowing channel.

The rules by which the Vinci Group's Compliance Department abides are set out in internal policies and manuals, which shall be followed by all workers, particularly: (i) Code of Ethics; (ii) Compliance Manual; (iii) Personal Investment Policy; (iv) Know Your Client, Anti-money Laundering and Combating the Financing of Terrorism Policy (KYC/AML); (v) Order Allocation Policy; and (vi) Anti-Bribery and Corruption Manual.

With respect to privacy matters, in accordance with the Brazilian General Data Protection Act (the LGPD), we prioritize the protection of our clients' and business partners' personal data and use our efforts to constantly implement technical and organizational measures to guarantee that access to information is only given to workers on a need-to-know basis, with the purpose of avoiding cyber-attacks and leaks.

With the internal controls and policies that we have in place, we believe our governance system is apt to avoid conflicts of interest between different products and initiatives within the Vinci Group by clearly setting responsibilities and limits on our actions.

With respect to AML/CFT matters, the Compliance Department carries out background checks and "Know Your Client" procedures, and monitors suspicion transactions, in accordance with the

applicable laws.

The new rule issued by the Brazilian securities and exchange commission – CVM on AML/CFT, the CVM rule (*Resolução*) No. 50 of August 31, 2021 (rule (*Resolução*) No. 50), requires implementation of a risk-based approach for clients, products and services, as well as the setting up of an Anti-Money Laundering and Combating the Financing of Terrorism Committee (AML/CFT), as detailed below.

With respect to the Anti-corruption Act, internal rules require workers to report to the Compliance Department any meeting held with public officials. In addition, the Vinci Group intranet, which is available to all workers, has a whistleblowing channel that keeps the whistleblower's identity confidential and a gift policy. An external whistleblowing channel that keeps the whistleblower's identity confidential is also available for the general public. This channel is monitored by the Vinci Group Audit Committee.

Finally, the Compliance Department offers a training program that is held at least once a year to all workers, and every quarter to new workers, with the purpose of refreshing Compliance Program concepts and emphasizing any new relevant rules and regulations which may have been published in that period. For more information on the Compliance Department activities, see the Compliance Manual and the Anti-Money Laundering and Financing of Terrorism manual, available online.

c) Information system, routines and procedures involved.

The information systems used for the recording of asset transactions are proprietary systems and the systems used for Compliance monitoring are third-party systems. This guarantees that the department remains fully independent from the fund management team.

The routines and procedures are described in item b above.

d) How the company guarantees that the department works with independence.

The Compliance Department answers directly to the Vinci Group Management and has full authority and independence to implement the Vinci Group Compliance Program, which guarantees that it acts with total independence, especially from the fund management team.

The Vinci Group also has a Compliance Risk Committee (CRC) in place to effectively enforce the Compliance Program and monitor the department's activities. Since 2019, the Committee has also been in charge of monitoring and supervising risk exposure.

Meetings are held at least once a semester or at shorter intervals, whenever necessary, upon call by any of the Committee's members. The Committee's meetings are recorded in minutes and any resolutions made at such meetings require the affirmative vote of the majority of the Committee's members.

Additionally, to adapt to the new CVM rule on AML/CFT (rule (*Resolução*) No. 50), the Vinci Group has set an Anti-Money Laundering and Combating the Financing of Terrorism Committee (AML/CFT), which is comprised of the Chief Executive Officer (CEO), the Chief Risk Officer (CRO), the Chief Compliance Officer (CCO), the Chief Financial Officer (CFO), and the Chief Human Resources Officer (CHRO) and whose purpose is to regulate and lay down the internal controls and procedures to be used and followed by the Vinci Group to apply the guidelines laid

down in the AML/CFT policy and serve as reference to the Compliance Department, the Onboarding Departments and any other departments involved in such prevention and combat activities.

The Committee is also to approve any new Policies and Manuals on the subject and to decide whether a suspicious situation or transaction is to be reported to the Brazilian financial intelligence control unit – COAF (financial intelligence unit – UIF). If the Committee on a final basis decides not to report, it may adopt any AML/CFT risk mitigation measures it may seem fit.

8.10. Provide information on the structure in place for risk management purposes:
